

Victorian Notice to Mariners

The following Notice to Mariners is published for general information.

Melbourne, 08 May 2023
Australia – Victoria

No. 202(T) – 2023

Local Port of Port Phillip

Werribee South
Werribee River Entrance – Narrow Navigation Channel

Date: Immediate

Details: Mariners are advised that the navigation channel at the entrance to Werribee River has narrowed significantly due to sand build up at approximate location: 37°58.393'S, 144°41.206'E (WGS84).

The sand spit has formed opposite Werribee South Jetty and is building northwards towards the navigation channel. Sand has also built up under the low landing at the eastern end of Werribee South Jetty, making it unsuitable for berthing.

Dredging will be undertaken as soon as practicable.

Mariners should exercise caution when approaching or passing other vessels and navigate within the designated speed limit in the vicinity of Werribee South Jetty.

Charts & Publications

Affected: AUS 143

Further Notice: A further Notice will be issued.

If you require any further information, please contact Parks Victoria on 13 1963.
